Discovering Your Dreams

Request for First Quarter Grades

This request form is for students who are applying as Early Decision (ED) or Early Action (EA) applicants only. Midyear grades are sent out to all colleges and universities as soon as they are available in later January/early February.

Please know that colleges and universities often do not require the submission of first quarter grades as part of a completed early decision or early action application. However, we will forward your grades if you believe they demonstrate a significant improvement over the grades submitted on your transcript.

If you wish to send your first quarter grades, or if a college requests your first quarter grades, please complete the information below and return it to the Counseling Office.

Name: _____

- Please release my first quarter report card to the following early decision college

Name of school: _____

- Please release my first quarter report card to the following early action college(s)
